

Instructions for Redeeming a DHPlugins Product Purchased on WAProduction.com

1. After purchasing the product, visit your W. A. Production account page [here](#).
2. In your **My Keys and Redemption Codes** section will be a redemption code for your new product. Click **View Product Key** on the product you purchased, then copy the code.
3. Next, visit this link, find the product you purchased, and add it to your cart.
4. Now, [visit your cart](#) and paste your code in the **Coupon Code** box on this page, then click **Apply Coupon**. The price of your order should now be \$0.00.
5. Now click **Proceed to Checkout** and fill out your personal information on the next page to create your account, then click **Place Order**.
6. On the [Downloads](#) page, click the link next to the correct version for your operating system, and the download will begin.
7. Once completed, open the **installer** and follow the prompts to install the plugin. For the Halo plugin, you must also **download the samples** by clicking that option as well. Sample download will take a while.
8. Once the samples have downloaded, check your downloads folder for the **Halo Sample Installer** and run the installer.
9. Once the installation of both the plugin and the samples has completed, open your DAW and **run a plugin scan**. Then load the plugin.
10. Visit the [License Keys](#) page in your DHPlugins account and copy the key for the product.
11. Paste your key in the plugin window and click **Activate**.
12. The plugin should now be ready to use.
