

Instructions for Redeeming an Imaginando Plugin License Purchased on WAProduction.com

1. After purchasing your license, visit your W. A. Production account page [here](#).
2. In your **My Orders** section, click **View Order** under the order containing your Imaginando product.
3. Click **Download File(s)** next to the Imaginando product, then click **Download**.
4. Go back to your W. A. Production account page [here](#).
5. In your **My Product Keys** section will be a license key for your Imaginando product. Click **View Product Key** on the product you purchased, then copy the code.
6. Open the ZIP file that you downloaded, then extract the ZIP file corresponding to your operating system (Windows/Mac).
7. Open the installer (.dmg or .exe file).
8. Follow the prompts to complete the installation.
9. Open your DAW of choice. Depending on your DAW, you may need to manually scan for new plugins in order for the plugin to appear.
10. Load the Imaginando plugin that was included in your purchase.
11. On the screen that appears, click **Login to Activate**.
12. Either **Create an Account** or log in to an existing account.
13. Under **License Status**, click **Click to Activate**.
14. Paste your code into the window where it says **Enter Code Here**.
15. Click **OK**. Your license should now be activated.
